

## Main Parameters and Dimensions of Storage Tanks

| No.                            | Parameter                          | Dimension, model |               |                      |                     |        |
|--------------------------------|------------------------------------|------------------|---------------|----------------------|---------------------|--------|
| Hydrofilter model              |                                    | GF-1, ZGF-1      | GF-2, ZGF-2   | GF-3                 | GF-4                |        |
| <b>Storage tank (GF,ZGF)</b>   |                                    |                  |               |                      |                     |        |
| 1                              | Volume of water in the tank        | l                | 80-90         |                      |                     |        |
| 2                              | Electric pump supply voltage       | V                | 220           |                      |                     |        |
| 3                              | Supply voltage frequency           | Hz               | 50            |                      |                     |        |
| 4                              | Power consumption                  | kW               | to 0.8        |                      |                     |        |
| 5                              | External dimensions of tank, LxWxH | mm               | 670x360 x500  |                      |                     |        |
| 6                              | Dimensions with frame, LxWxH       | mm               | 670x590 x690  |                      |                     |        |
| 7                              | Weight, not more                   | kg               | 40            |                      |                     |        |
| 8                              | Weight with water, not more        | kg               | 130           |                      |                     |        |
| <b>Storage tank (GFL,ZGFL)</b> |                                    |                  |               |                      |                     |        |
| Hydrofilter model              |                                    | GFL-1, ZGFL-1    | GFL-2, ZGFL-2 | GFL-3, ZGF-3, ZGFL-3 | GFL4, ZGF-4, ZGFL-4 |        |
| 9                              | Volume of water in the tank        | l                | 130-140       |                      |                     |        |
| 10                             | Electric pump supply voltage       | V                | 220           |                      |                     |        |
| 11                             | Supply voltage frequency           | Hz               | 50            |                      |                     |        |
| 12                             | Power consumption                  | kW               | to 0.8        | to 0.8               | to 0.8              | to 0.8 |
| 13                             | External dimensions of tank, LxWxH | mm               | 830x470 x500  |                      |                     |        |
| 14                             | Dimensions with frame, LxWxH       | mm               | 830x690 x690  |                      |                     |        |
| 15                             | Weight, not more                   | kg               | 50            |                      |                     |        |
| 16                             | Weight with water, not more        | kg               | 190           |                      |                     |        |
